

Green Initiatives

- **We Recycle! Paper, cardboard, batteries, lights, food and wood products.**
 - **Motion sensor-controlled Heat and Air-Conditioning Units; system shuts off after 20 minutes if no activity is detected in guest suite.**
- **Up-graded light fixtures and florescent lights to energy efficient fixtures and LED bulbs, decreasing our energy by 60%**
- **Up-graded Chiller resulting in an 8% energy decrease**
- **Low-Flow water faucets in all rooms saving 336 gallons of water per minute**

We are always looking for new ways to be kind to the environment!
